

HB 997 -- PUBLIC SERVICE COMMISSION

SPONSOR: Plocher

This bill states that it shall be the policy of the state to support electrical corporations in their endeavors to maintain and improve service and related infrastructure, and to meet the needs and expectation of customers. In furtherance of such policies the bill then authorizes the Public Service Commission to approve rate adjust mechanisms not otherwise permitted by statute. The commission shall provide a report detailing the impacts of this bill to the Chief Clerk of the Missouri House of Representatives and the Secretary of the Missouri Senate no later than December 31, 2021. This legislation will terminate on August 28, 2023.
